Sir,

With reference to the remarks made by the D.O. "D" on this original report, the eight described females dis-continued their employment at this factory for their own personal reasons, for instance, several returned to their native homes in the country, whilst the others stopped for domestic reasons, illness, etc.

It has been ascertained that the management has since paid the wages due to two of these employees, whilst the remaining six are still unpaid.

None of these eight females have returned to their employment, and no agreement to date, has been reached between themselves and the management.

The factory manager Tsang Ching Wo (張清華) when interviewed, stated that all their employees are aware of the factory regulations and if they do not abide by these factory rules, then the employees concerned must bear the consequences.

Subject Trouble made by a forewoman at the Zung Tuh Cotton Mill, No.590
Linchong Road.

Made by D.S.I. Liu Wen Chao Forwarded by [Signature] Officer i/c

Sir,

At 6.30 p.m. on 23/4/36, a telephone message was received from the management of the Zung Tuh Cotton Mill, No.590 Linchong Road reporting that some persons of loafer type were seen wandering about outside the mill whom the management suspected would make trouble with some of the female workers going off duty.

C.D.C. 90, C.D.S. 103 were detailed to the scene but on their arrival, no loafers were found in the vicinity of the mill and according to the management of the mill, they had gone away before the Police reached the spot.

Subsequent enquiries by the above detectives and the undersigned ascertained the following details.

On the 20/4/36, a forewoman named Zai Yuesh Ying (曹月英), residing at No.1027, Yeong Zung Li (永順里), Lay Road, was discovered by an overseer named Dung Pao Kwun (騰寶坤), to have employed a female worker to substitute another female worker No.1563 named Yu Zu Ngoo (吳聚姑) residing at No.7 Yu Ka Koh (吳家河) near Ying Zieng Kong Race Course, O.O.L.

without authority of the management. At about 3 p.m. on 23/4/36, whilst working in the weaving department, the aforementioned forewoman, after being blamed by the overseer for exceeding duty, persuaded 6 other female workers under her to refuse to work. This was reported to the management and the 6 female workers resumed work shortly after being continued.

At 6 p.m. on 23/4/36, whilst going off duty, the said forewoman expressed that she would get her pay and resign the next day (24/4/36). The management was afraid that forewoman Zai Yuesh Ying would make trouble with another forewoman named Shen Hang Dee (沈杏弟) residing at house No.23, Sung Mow Li, Sungpan Road as

the latter was suspected by the former to have reported to the overseer, the matter as mentioned above. Two watchmen were detailed to escort Shen Hang Dee to her home.

The forewoman Zau Yuch Ying is the wife of a man named Li Kwo Tsu (李國柱), formerly mill detective of Seng Sing No.5 Cotton Mill, Ward Road, who was seen in the vicinity of the mill together with several others of loafer type at about 6 p.m. on 23/4/36, when the mill workers went off duty.

The management, suspecting that the loafers would make trouble with some of the mill workers, telephoned to the station requesting protection.

On the morning of the 24/4/36, Li Kwo Tsu came to the station where he was seen and cautioned by D.S.I. Crighton Senior Detective i/c to keep away from the mill hereafter.

C.D.C. 307, on mill duty was instructed to pay particular attention to the said mill during the morning and evening when workers going on and off duty.

At 12.05p.m. 1/5/36 Capt. C. Yost, U.S.M.C., brought to Bubbling Well Station a red flag which at 6.30a.m. had been removed from the roof of "D" Co. U.S.M.C., Ferry Road.

The flag was seen attached to the roof at 6.30a.m. 1/5/36 by 1st. Sgt. King who ordered it to be removed. The flag is of old red bunting patched in several places and 4' by 3'. On the white tape there is "NEW SOUTH WALES; S.M.C., P.W.D." and "牛掃夫外西司" (New South Wales). It was attached to a 7' slat of bamboo fencing with string.

Enquiries by the U.S.M.C. Military Police have not produced any definite information, although it is suspected that U.S. Marines are concerned.

At 3.15p.m. 1/5/36 Sgt. Maj. H. W. Davis, S.V.C. Range Warden at Hongkew Park, came to Bubbling Well Station and identified the flag as a warning marker which had been missing about a fortnight. Sir,

With reference to a letter received at this station on 13.6.36 from the workers of the Tsung Yah Silk Factory, 366 Alcock Road, the translation of which is attached, D.S.I. "Seu Kwei Sung and the undersigned proceeded to the above factory at 10 a.m. 13.6.36 when two of the workers who signed the letter were located and consented to come to the station to allow further enquiries to be made. When questioned in the presence of D.S.I. Cumming, the two workers named Sung Fong Hai (沈方海) and Yih Mau Er (叶茂尔), admitted that the contents of the letter were incorrect and that actually none of the property had been removed from the factory on 12.6.36. They stated that C.D.S. 224 (the detective referred to by them in the letter), arrived at the factory at about 2 p.m. 12.6.36 at the same time as the factory master's wife, who came accompanied by several male Chinese with the intention of removing the machinery. Seeing the detective on the scene, the workers came to the conclusion that he was there for the express purpose of intimidating them to allow the machinery to be removed.

It was explained to the above named workers that C.D.S. 224 was only there, on the instructions of the undersigned, in a neutral capacity, to see that no trouble arose between the two parties which would necessitate police action. On receiving this explanation the two workers stated that they were satisfied with same, and later left the station.

Translation of a joint letter from the worker of the Tsung Au Silk Weaving Factory, corner of Alcock and Yochow Roads addressed to the Wayside Police Station, dated ?

Sir,

We beg to submit this petition to you in respect of the work of the Tsung Au Silk Weaving Factory being unreasonably suspended by the manager Tsu Lien Tsing and that the case is at present being maintained by the superior "organ". Prior to the case being settled, the capitalist accompanied by your Detective Sergeant Lieu Tuh Zung had forcibly removed the goods away. As a matter of soliciting your assistance as well as to maintain our livelihood we beg to give the following particulars:-In spite of the fact that we have continually negotiated with the Manager regarding the work which he had suspended without any cause, the case still meets with no success. The case has therefore been taken into consideration by the Tengu of the Shanghai Municipality, Bureau of the Social Affairs and the General Union, and we have been summoned to attend the above authorities for investigations. In view of the fact, we may presume that the case will be amicably settled very soon. Yesterday to our surprise, your Detective Sergeant Lieu Tuh Zung accompanied by the capitalist called at the abovementioned institution at about 10 a.m. and forcibly taken away all the goods which belonged to the factory. A dispute between the capitalist and the labours which has already been maintained by the superior organs does not concern the detective who assisted the capitalist in removing away the goods from the factory, thereby causing us to lose our interests. In order to maintain peace as well as to await for settlement, we, prior to the action being taken by the manager about the removal of the goods, had kept them in the factory for safety. In the event of the Police believing the merely one-side allegations, the circumstance would seem to be the fact that we will be starved. We deem it prudent that we would wish to remain in the factory as long as the factory is in existence and

(2)

therefore you are requested that the action of your detective and the capitalist be discontinued forthwith so that our livelihood will be maintained.

Sir,

At 9.15 p.m. 11-5-36 Ts Lee Tsing (朱利清) master of above factory came to the station and reported that he was having trouble with his workers. Enquiries were made by C.D.S. 224 and the undersigned when it was learned that above named opened the above factory on 5-9-35 employing 24 workers, and renting the premises for a period of 10 months. About 2 months ago, business being very bad, the owner suspended work on all but 4 looms in the factory, but allowed the 24 workers to remain, they doing short shifts in turns at the 4 looms, and all receiving their food in the factory. As business did not improve, the owner decided to cease operations altogether and at 2 p.m. 11-6-36, instructed the employees to cease work. They refused to do so, demanding 2 months wages in lieu of notice. The owner refused to pay this and the employees continued to work the four looms, and on the evening of 11-6-36, after having an altercation in the factory, the owner reported to the station as above.

C.D.S. 224 and the undersigned accompanied the owner to the factory, when the employees were interviewed. They stated that 8 of their number slept on the premises and therefore being dismissed so suddenly, they had no place to go. All employees demanded 2 months wages, but after discussion it was arranged between the owner and the employees, that three employees should remain on the premises to look after their property pending it being removed, and the others left the premises without making trouble, stating that they would lay the case before the Bureau of Social Affairs, to procure a settlement. The owner expressed himself as being satisfied with this arrangement and stated that he intended to remove the machinery from the above factory at

At 12.30.p.m. on 20.6.1936 Mr. Y.S. Lee, Social manager of the Nanking-Shanghai Railways, came to this station to report that his staff had received information to the effect that Anti-Railway and Anti-Government literature might be distributed in the vicinity of the Head Post Office, North Szechuen Road or at the Boundary Road Branch Office.

It was further believed that the distribution would be in the hands of certain railway company employees who could be recognized by Mr.Lee's staff who intended keeping observation in both vicinities.

From interrogation it was learned that the offending literature might be labelled and posted as mail matter to a large number of industrial concerns. Mr.Lee therefore requested that detectives accompany his observers and officially demand the opening of any sealed mail matter suspected by said observers. This action was refused for obvious reasons but detectives were posted in the vicinity of the Head Post Office on observation duty.

Insp. Eva of West Hongkew Station was informed so that attention could be paid to the Boundary Road Branch office.

With reference to a rumour of outbreak of Cholera in Sungkiang and vicinity, enquiries on July 3 among the inhabitants, hospital authorities and Police in this area disprove any report of an outbreak of Cholera. The record of the hospital in Sungkiang reveals an increase of 200% during the month of June in cases of acute Magen-Darmkatarrh (acute inflammation of stomach and intestine). Other cases which have come to notice are Typhus abdominatis and Dysentery. According to the people there, any sign of a serious outbreak of infectious disease, or epidemic, would be instantly referred by the Sungkiang Authorities to the Bureau of Health of the Shanghai City Government for thorough examination in order to devise immediate preventive measures.

Enquiries were also made among local Roman Catholic Fathers with likewise negative results.

At 7 a.m. September 9, an affray took place between a party of workers and staff employees on the premises of the Hung Shing Hosiery Factory, 221 Rue du Marche, in which sixteen workers were slightly injured. Further trouble was averted by the arrival of the French Police. All the employees ceased work and are still on strike this morning, September 10.

It is learned that the clash arose when the appeal of the workers for reinstating a female employee, a member of the Hung Shing Branch of the Knitting Factory Workers' Union, who was dismissed on September 8 for quarrelling with a non-union worker, was rejected. In the early morning of September 9, the dismissed female worker proceeded to the factory with the intention of resuming work, but was refused admission. On learning this, her colleagues petitioned the management to reinstate her or to dismiss the worker who was concerned in the quarrel. This appeal was rejected with the result that an affray occurred.

The dispute was reported by the workers to the General Labour Union and the Bureau of Social Affairs. In the afternoon of the same day, two officials of the Bureau and the General Labour Union were sent to the factory for the purpose of conducting mediation, but no settlement was reached.

This factory employs a total complement of 300 hands, of whom 200 are reported to be members of the Hung Shing Branch of the Knitting Factory Workers' Union. Considerable agitation has been conducted by the workers since the inauguration of the Branch in June, 1936.

THE HOONG SHING HOSIERY WORKS

Under the cloak of registering workers, the Hoong Shing (鴻興) Hosiery Works, Rue du Marche, French Concession, suspended operations at the end of June. On the orders of the local Tangpu and other government organs, the management agreed to resume operations on July 20. Unexpectedly, on July 20 the management posted up a circular notice announcing the dismissal of Dung Ih Shing (董以欣) and 7 other workers all of whom are executives of the labour union. The dismissal gave rise to much indignation among the workers who refused to resume work.

Yesterday afternoon the workers made appeals to Tu Yuet Sun (杜月笙), Loh Ching Sz (洛景士) and Tseu Hsueh Hsiang (周學湘), Acting Chairman of the General Labour Union.

In connection with the labour trouble at the Hoong Shing Hosiery Works, the 2nd District Needle Weaving Trade Workers' Union yesterday submitted a petition to the local Tangpu and other government organs requesting them to order the management to cease dismissing workers without cause. The Union also despatched a telegram to General Chiang Kai Shek, Chairman of the Military Affairs Commission, containing allegations against the Hoong Shing Hosiery Works.

The residents petitioned the Health Bureau, the Social Bureau and the Bureau of Public Safety requesting them to suppress the establishment on the grounds that the quiet of the district would be disturbed by the noise of running machinery, while the fumes given out by the sulphuric acid used in washing and dyeing cloth were harmful to health, especially the health of school children.

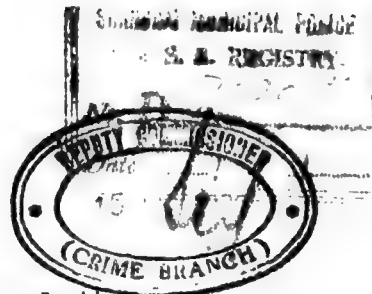

On learning of the protests, Zang Heng Ching immediately put up at the gate a sign-board bearing the inscription "The Lih Woong Office" (立丰事務所). He then sent a petition to the official organs denying that he was about to start a dyeing works.

The employees of the Hung Shing Hosiery Factory (鴻興絲廠), 221 Rue de Marche, recently formed a branch of the Shanghai Municipality Knitting Trade Workers' Union with an office at No.13 Yah Shing Li (裕生里), Tang Ka Wen (唐家灣), Nantao. The Management, being dissatisfied with the activities of the workers, closed the factory on June 29, ostensibly due to hot weather.

On the morning of July 3, forty of the 300 workers demanded the resumption of work. The management, however, required all employees to furnish guarantee bonds and to register with the factory before work is resumed. With a view to demanding the acceptance of their request, the workers refused to withdraw from the premises. Representatives were sent to the local Tangpu and the Bureau of Social Affairs for the purpose of soliciting assistance from these authorities.

At 3.15 p.m. an official of the Bureau of Social Affairs visited the factory and advised the workers to withdraw pending mediation, but his efforts proved abortive.

Subsequently, a party of the French Police arrived on the scene and apprehended four leading agitators. They were cautioned and later released.

At 6 p.m. a representative of the 2nd District Knitting Workers' Union called at the factory and posted a notice advising the workers to leave the factory pending negotiation, whereupon the workers withdrew.

morning. Representatives were detailed to make an appeal to the Bureau of Social Affairs with a request that the dismissed workers be reinstated immediately and that the rules governing the service of workers be amended.

The callers were received by an official of the mediation section of the Bureau, who informed them that the dismissal of these workers had been approved by the Bureau because they had resorted to strike, sabotage and assault.

Enquiries made by our reporter show that the strikers of the branch foundry will probably resume work to-day.

- 3) That with a view to preventing labour troubles, officials be detailed to various filatures to convene all foremen to a conversation at which they ^{are to} be reminded of the illegality of strikes; that the workers be notified to remain quietly at their work and not to be misled.

In connection with the dispute between the management and workers of the Hoong Shing Hosiery Factory (鴻興絲襪廠), Rue du Marche, French Concession, the Bureau of Social Affairs held a mediation meeting at 1 p.m. yesterday at which officials of the local Tangpu, the Bureau of Social Affairs, the General Labour Union and the Knitting Trade Workers' Union and representatives of the management and the workers were present.

The representatives of the management submitted the following terms:-

- 1) That the 4 executives of the Hoong Shing Knitting Trade Workers' Union be dismissed because on July 3 they instigated the entire body of workers to proceed to the factory to surround Manager Li (L) and the staff employees.
- 2) That a registration of workers and the furnishing of guarantees be enforced.
- 3) That operations be resumed on July 10 if the workers agree to the abovementioned two conditions.

The workers' representatives rejected the terms and submitted the following explanations:-

- 1) On July 3 the workers appointed representatives to make certain requests in connection with the livelihood of the workers. As the manager refused to grant interviews, the entire body of workers went to the factory the same day to demand a resumption of operations. As regards the oppression of workers by the French Police, the management will be held responsible for this.
- 2) The workers reject the conditions of the management in regard to the registration of workers and the furnishing of guarantees because they are contrary to the Factory Law. Furthermore, such principles are absolutely illegal as they have not been submitted to the local Tangpu and other government organs for approval.
- 3) According to a notice of the management, operations were to have been resumed on July 3. The management is, therefore, requested to issue the wages of the workers from July 3 up to the date of the eventual resumption of operations.

When persuaded by officials of the local Tangpu and other government organs to resume operations on July 10, the representatives of the management stated that they would have to refer the matter to Manager Li and would make a report as soon as a decision had been reached.

According to the representatives of workers, the hands have worked with the factory for more than ten years and had never submitted any demands whatever. The entire body of workers are awaiting a settlement of the dispute by the local Tangpu and other government organs and will not resort to unlawful acts. The workers are opposed to the unlawful dismissal of the four executives of the union.

THE HOONG SHING HOSEIERY WORKS.

On July 3, about 400 workers of the Hoong Shing Hosiery Works (鴻興襪廠), Rue du Marche, French Concession, called at the works and demanded the management to resume operations. At the request the management, officers of the French Police arrived and arrested four members of the workers' union.

Indignant over the action of the management in bringing about the arrest of four members of their union, the entire body of workers assembled at the St. Catherine Bridge. Wantao, at 10 a.m. yesterday and proceeded on foot to the local Tangpu office at Foong Ling Jao to submit an appeal.

The workers were received by Lee Vee Hsiung (李維雄) of the Tangpu who, after listening to the appeal of the workers, promised to instruct the hosiery workers to resume operations immediately.

With a view to preventing the dispute from assuming larger proportions, the local Tangpu held an arbitration meeting which the management of the works was asked to attend. The meeting, however, ended without success as the management insisted on the dismissal of four members of the workers' union.

The Bureau of Social Affairs will summon representatives of the management and of the workers to attend an arbitration meeting to be held at 10 a.m. July 6 for the purpose of bringing about an early settlement of the dispute.

Made by D.S. McKeown

Forwarded by

At 9.30 a.m. to-day, July 31, one Sung Jing-pu (沈景波) claiming to represent the 120 ex-workers of the Ching Foong Dyeing Works, No.1188 Point Road, called at this office and informed the Police of the labour dispute existing between the management and ex-workers.

Sung Jing-pu stated that this concern was closed at the beginning of May, 1936 owing to business depression, and the property of the firm detained by the First Special District Court at the request of the creditors. Subsequently the management negotiated with the creditors and secured permission to resume business and pay the debts by instalments.

In spite of this agreement, the management sold the firm to new interests. On July 25, the new proprietor issued a notice, stating that the factory would be re-opened on August 1, and that no ex-workers or staff employees would be re-engaged.

The ex-workers are dissatisfied with this decision, and in the afternoon of July 28, thirty of them called at the works with a view to demanding employment but their demand was rejected (Vide I.R. 29/7/36). Consequently these ex-workers have requested the Bureau of Social Affairs to render assistance. It is learned that they intend to visit the works to-day for the purpose of demanding reinstatement.

HONGKEW PARK.**

Further to report on Daily State of 22nd., inst., at 3.30.p.m. 22-8-36 a telephone message was received from Mr. Repas, Hongkew Park Keeper, stating that he was expecting trouble in Hongkew Park. A party of Police attended and ascertained that 50 coolies who had been employed in the Park during the forenoon had failed to restart work at 2.p.m. and were gathered in Chapel, opposite to the West Gate of the Park. Coolie No.10 Lee Mo Dee and about 30 other coolies casually employed in the Park had proceeded during the morning to the Head Office of the P.W.D. and Coolie No.10 together with Coolie No.79 Zung Kyung San had interviewed Mr. Kerr, Supt. of Parks and Open Spaces and complained that Coolie No.10 had been assaulted by Mr. Repas on the 21st. inst, and that this was the only reason for ceasing work. They made no demands. Mr. Kerr told them to return to work and that they would receive full pay for the day and that he would enquire into their complaint. They returned to the Park to work but allege Mr. Repas informed them that they would not be required till Monday the 24th. inst. Mr. Repas states that when they returned he told them they could start and receive full pay for the day but instead he alleges they intimidated 50 other coolies working in the Park and they too ceased work. Foreman Kuh Kung Kung corroborated the statements of Coolies No.10 and 79, thus contradicting that of Mr. Repas.

Mr. Kerr was present and after negotiations Coolie No.10 was severely cautioned re any attempt of intimidation and was instructed to tell the other coolies to report for work on the morning of the 23rd. inst, and to leave the matter of the alleged assault to be dealt with by Mr. Kerr. Coolie No.10 agreed to this and the few coolies gathered opposite the West Gate of the Park dispersed without causing any trouble.

Subject **Re Unrest Among Workmen at the "Yoong Hwa Kung Kyi" Glass Factory,**

Made by **D.S. MacLennan.**

Forwarded by

G. Phillips Ingt,

Sir,

At 1.30 p.m. on 31-8-36 a male Chinese named Liu Tsung Lai (刘骏来), age 30, native of Shantung, lessee of the "Yoong Hwa Kung Kyi" Glass Factory, 480, Kungping Road, came to the station and reported trouble amongst his workers.

C.D.S. 48, S.I.C. 334 and the undersigned conducted enquiries which elicited the following details:-

For the past three years complainant, Liu Tsung Lai (刘骏来) has been the active lessee of the said factory which, at present has a complement of one accountant, 3 foremen and 20 male workers. The three foremen named Lee Tsan, Bao (李增本) Wong Woh Liang (王良) and Lee Ching Sz (李经书) have all worked for complainant for more than one year and, in consequence of being related and the business being prosperous, they have frequently advanced complainant with a view to their joining him in partnership in the concern. Complainant, however, has always refused, and this has caused slight animosity against him by the three foremen, who recently acquired the attitude of controlling the workmen and always ready to find fault with complainant's instructions.

On 29-8-36 complainant engaged two further male relations named Lee Tsong Yoong (李中荣) and Lee Tsong Eu (李中儿) as ordinary workers. These two men commenced work in the factory at 7 a.m. to-day (31-8-36). At 9 a.m. the three foremen relations demanded an explanation from complainant as to why he engaged the two men without having first consulted them, complainant replying that they should take no interest in the business considering that they are employees and should they be dissatisfied they could resign.

Complainant then left the factory on business whereupon all

the workmen ceased work on being instructed to do so by the foremen. At 10 a.m.(31-8-36)complainant returned and discovered the works silent and the three foremen absent, accordingly reporting to the station at stated time.

The said detectives proceeded to the scene, where all the workers reside, and, when questioned, stated that they had merely stopped work when requested to do so by the three foremen, not knowing the reason why.

The circumstances were explained to the workmen whereupon they all immediately resumed work.

C.D.C. 334 was left in the factory pending the return of the three foremen, this resulting in them accompanying him to the station at 1.30 p. .

When questioned the foremen stated that apart from receiving wages from complainant he had promised them a percentage of profits and by him engaging the new men meant that profits would naturally depreciate. They further stated that complainant, at the time of engaging them(foremen)verbally promised to discuss the engagement of new workers with them. Therefore they considered that on this occasion complainant was not fair and consequently they stopped work.

As a result of a discussion between the foremen and complainant in the station the foremen agreed to resume work, under the previous conditions and all left the station apparently satisfied.

Subject Disturbance among the workers of the National Nail Product of China,
No. 91, Lane 546 Chemulpo Road.

Made by D.S. White.

Sir,

At 3 p.m. on the 2-11-36 a male Chinese named Poo Ying Woo (浦英武) 20, Zangchow, employed at the above concern came to the station and reported that at about 2.30 p.m. even date the employer Zung Shing Kwei (陆信炜) had assaulted him.

Enquiries made by C.D.C. 98, C.D.C. 277 and the undersigned ascertained that the above concern employs 20 workers each receiving \$2.00 per month salary. Of this \$2.00 Zung Shing Kwei keeps \$1.50 on the understanding that if any of the workers required money to buy personal effects or return to the country he would give them the amount due to them. About one week ago Zung Shing Kwei informed the workers that if they increased the out-put of nails he would pay them extra money. Today the workers, led by Poo Ying Woo, demanded the promised increase of pay, but when Zung Shing Kwei informed them that as they had not increased their out-put they would not receive the promised increase, Poo Ying Woo then became very abusive and insolent which angered Zung to the extent that he struck Poo with his hand on the mouth causing it to bleed slightly.

The workers stated that if Zung gave them the whole of their wages each month and not keep the \$1.50 they would return to work and on Zung agreeing to their request work was resumed.

Poo Ying Woo stated that he did not wish to take action against Zung, but requested the police to caution him re assaulting his employees.

Subject Labour situation at the Shanghai No.6 Mill (woollen factory) at

Made by D.S.I. Crighton

Forwarded by *[Signature]* Inspt. G. 1/c

Sir,

At 1 p.m. 10/11/36 information was received from the above mill to the effect that they were having trouble with workers of all departments of the mill. D.S.I. Crighton and J.D.S. 42 Weeks immediately proceeded to this factory, where on arrival enquiries revealed that at 12noon all departments had ceased work for purpose of partaking of their mid-day meal and that instead of commencing work at 12.30 p.m. they refused to do so. The management then called together several of the foremen who informed them that the workers were making the following demands:-

- (1) That the management revive the reward for non-absence.
- (2) That the management make a rice allowance for the workers.

These demands were, prior to 1931 issued to all workers employed by Japanese mills, but owing to the business depression were cut out.

In reply to these demands the management gave the understanding that they would be given due consideration and requested workers to continue.

Work was commenced at 1 p.m. and since then the general situation in this mill has remained normal.

At 6 p.m. 10/11/36 the night shift consisting 70 workers paraded for duty as usual, and nothing of an outstanding nature has since taken place.
